Q. On the way to the reception, I would like to go via a different photographic venue/place or special meaning to me, is it possible? Answer...

Answers...

Q. Can we use just one car?

A. Yes, as outlined in our service we would complete two journeys to the wedding venue.

The wedding couple would then be taken to the reception.

You need only ensure that guests conveyed by us in the first journey have transport to the reception. [Return to top](#)

Q. We are having a themed wedding. Would it be possible to incorporate this into the vehicles?

A. Of course, if you want a particular coloured ribbon or fresh flowers let us have them on the day prior to your wedding and we will be happy to decorate the car(s)

Contact us for length and width of ribbon needed. [Return to top](#)

Q. Who normally goes in the car(s)?

A. In short, whoever you want. As long as the number of guests does not exceed the maximum the vehicle can carry.

This figure is written in brackets next to each type of vehicle in our cars. [Return to top](#)

Q. How do the new laws regarding booster seats affect any children I want to transport?

A. If the vehicle is fitted with seatbelts these must be offered to any children in the party first.

If you inform us at time of booking of any passengers below 135cm in height we will supply any booster seats required.

Q. Is the Groom usually taken to the church/ceremony venue first?

A. If the groom is left to his own devices, which some brides are uneasy with! Although we can gladly arrange to convey the groom's (sometimes at an extra cost depending upon your requirements) it means leaving earlier than some would like in order that the car can carry on to their partner's address.

To solve this we now offer a dedicated groom's car, if preferable. Return to top

Q. My house has a awkward/narrow driveway, will I be able to collected from my door?

A. Each of our drivers is experienced and thus trusted to assess a situation and make a decision, at their discretion, on the day. Return to top

Q. I have already hired a car/horse & carriage. Will you work with another company?

A. Yes we will and previously have done on numerous occasions. [Return to top](#)

Q. You are a Wirral based company, do you work outside of this area?

A. Yes we do. The prices given represent a Wirral Wedding as explained in our service. We would require details of pick ups and venues to give a tailored price for your requirements. [Return to top](#)

Q. If I use one car, how many journeys will it do to where I am getting married?

A. It depends upon a number of factors, such as where the points of pick up are in relation to the ceremony venue, time constraints, e.t.c/ We will happily discuss your requirements and can tailor our service and basic price to fit your needs. [Return to top](#)

Q. On the way to the reception, I would like to go via a different photographic venue/place of special meaning to me, is this possible?

A. Yes, we will happily discuss your requirements and give you your unique tariff based on these. [Return to top](#)
